TYPES OF ROUNDS

Optimum Time (Poles, Poles-30cm, 45cm, 65cm)

Riders do a single round. Penalties for refusals and rails, the winner is the rider with the lowest faults who is closest (above or below) to optimum time. The judge will determine the optimum time based on the speed of the class, and how long the course is.

245.3 (formally AM7) (80cm, 95cm)

Riders do a single round, if they complete the round with no penalties (jumping or time faults) the judge rings the bell a second time, and they have 45 seconds to start their jump off, which is over the same jumps but a different, shorter course. All riders who make it through to the second round place ahead of riders who did not jump clear the first round. The winner is the rider with the lower penalty score and the fastest time in the second round. (First round speed doesn't count, except to qualify you for the jump off, or to award placings if less than 6 riders in the class make it through to the jump off).

TYPES OF ROUNDS

Equitation (All heights)

Combinations are judged on style at each fence, with additional overall marks for rider position and paces (like the collectives in a dressage test). Additional marks are lost for rails and refusals. The winner is the rider with the most points. If two or more riders have the same final score, placings will be determined by the rider with the highest collective score for rider in the first instance, and if scores are still tied, the rider with the fastest time in the second instance.

Top Score (All heights)

All jumps are numbered with points (10-120) instead of numbers, and start/finish flags can be ridden through in either direction. Riders have a set time to get as many points as they can by jumping jumps in any order and from either direction. Jumps can be jumped a maximum of twice, no points are awarded for a jump jumped a 3rd time. If a jump is knocked down it earns no points and can't be jumped again. When the time is up the judge rings the bell and the rider must ride through the finish flags to stop their time. Any jump jumped after the final bell does not count towards your score. If the horse has already left the ground when the bell has rung, that jump does count. The winner is the rider with the most points. If riders have the same point score, the winner is the person with the shortest time between their finishing bell and crossing the finish flags. The time allowed for top score will be determined by the ring judge on the day, and announced via PA and course maps, well in advance of the class starting.

SCORING & SPEED

Scoring for show jumping rounds - penalties are as follows:

Knocking down an obstacle	4 penalties
1st refusal or run out	4 penalties
2nd refusal or run out (at any jump)	8 penalties (12 total)
3rd refusal or run out (at any jump)	40 penalties (52 total, additional 40 points for each refusal or run out after the 3rd)
3 refusals at the same jump	Rider must move on to the next jump
3 refusals at 3 consecutive jumps	Rider must retire
Fall of rider	Elimination, rider must present to medics
Fall of horse	Elimination, horse cannot be ridden in any further rounds
Omitting a jump, jumping an obstacle in the wrong order or wrong direction, failure to re-attempt and obstacle after a run-out or refusal, failing to cross the start or finish flags, starting before the judge has given the signal and jumping the first obstacle on course, error of course not rectified.	100 penalties
Exceeding the time allowed	1 penalty per second or part second

Overall height winners and ARCA High Point Rider

Will be awarded to the rider with the most points earned by placings. In the case of a draw, the winner will be determined in the first instance by the rider with the lowest total penalties across all three rounds; by the rider with the highest mark for the rider collectives in the Equitation round in the second instance; and by the rider with the fastest time between the time-is-up bell and crossing the finish flags in the Top Score round in the third instance.

ARCA High Point Rider will be awarded at the ARCA AGM and Prize Giving at the end of the year (date TBA).

NOTES

First rounds in all rings will be encouraging to allow combinations the chance to warm up and build confidence, as all rounds are entered at the same height.

Ring 1 will be a true showjumping course, with fill and fences you would find at other showjumping competitions. Ring 1 will be situated on the open grass oval.

Ring 2 will be an encouraging introduction to showjumping courses, with fill and combinations, but aimed at encouraging and building confidence for horse and rider. Ring 2 will be in the main showjumping arena, which is fenced and on sand. If some 65cm riders are competing in Ring 1, it will still be an encouraging, confidence-building course.

Ring 3 is aimed at green horses, nervous riders, and inexperienced combinations. It will have almost no fill, and class 5 will be a mix of poles and very small fences. Class 6 will be poles only, for all 3 rounds. Ring 3 will be in the adult rider's arena, which is fenced and on sand.

Class 6 (Poles) course speed is a trot speed for all rounds. Class 5 (Poles-30cm) course speed is a trot/canter speed. Riders who are confident cantering part of a course of 30cm or less jumps are encouraged to enter Class 5.

A \$10 day insurance fee applies to anyone who is not either a Wallangarra ARC member OR an EA member. EA members, please ensure your EA number is in your rider information in Global. The day insurance fee is compulsory for non-EA/non-WARC members. EA memberships will be checked prior to the event.

Classes with larger numbers of entries will be divided after close of entries. WARC reserves the right to cancel any class or the event, divide any class, and/or transfer competitors between classes of the same height and level. If the event is cancelled prior to commencing, refunds will be offered less an admin fee.

Please do not approach any judge with a protest or complaint. All protests or queries about scoring must be taken to the organiser (Meredith).

Lunging is permitted in the small, enclosed arena adjacent to the main showjumping arena only. No lunging permitted on the grounds after 8am.

FAQS

Q: Can I enter my first round at one height, and then go up for the other 2 rounds?

A: No, all your rounds must be at the same height. The idea of this challenge is to give riders the chance to try different types of SJ rounds

Q: Can I enter 1 or 2 rounds instead of 3?

A: Your entry fee gets you 3 rounds, but if you only want to ride 1 or 2 rounds, just let the gate marshall know which round(s) you aren't riding so they don't wait for you.

Q: Can I get a partial refund if I ride less than 3 rounds?

A: No, refunds are not offered for riders who opt to finish prior to their 3rd round
