## Harness & Performance

### Events Information

Exclusions: No Junior Horse (under 3 years actual age) can compete in harness.

The Australian Miniature Horse Society show Rules require that the Society follows the Rules and Regulations for the Harness and Driving Classes as adopted by the Australian Carriage Driving Society Inc. plus those supplemented by AMHS and outlined in this guide.

The rulebook of the Australian Carriage Driving Society Inc. may be obtained directly from the Society.

## General Rules

Horses must be sound. Correctly fitting breaching is compulsory in all classes except where 'Tilbury' or 'French' tugs are used. Vehicles fitted with open tugs must have

breaching. An appropriate whip shall be carried at all times, the maximum length of which can reach the horses shoulder.

Running martingales and overchecks are not permitted. ACDS accepted driving bits are compulsory for all classes. Blinkers are compulsory for all classes excluding long reining. Boots, wraps and earplugs are

prohibited. Change of vehicle for classes in the same division is prohibited.

## Safety Rules

All persons competing in driving competitions must have safety foremost in their minds. A horse must never be left unattended while hitched to or being put into a vehicle. Any

harness exhibits that are considered unsafe or unsound by Show Management will be asked to leave the arena. Passengers must enter the vehicle after the driver is seated with the reins in hand and passengers must dismount first. If

the number of entries exceeds safety for the size of the arena, the class will be divided by the Show Manager into sections from which the best horses per section will return for a final

drive off. No horse is to be hitched to a cart and driven for its first time at a show. See the AMHS SHOW RULES for specific rules relating to Harness events.

## Long Reining

The collected movement of a horse in long reins enables a judge to assess the horses' ability to display correct and fluent movements at the walk and trot and responsiveness to driver's instructions with a pleasant and obedient temperament.

Exclusions: Horses under 2 years (actual age) are not eligible to compete. See the AMHS SHOW RULES for specific rules relating to Long Reining events.

## Age of Exhibits for Harness & Performance Events

For horses to compete in the following Performance Classes they must meet the minimum Actual Age requirement:

- Trail: 12 months Old (1yr Old)
- Hunter: 12 months Old (1yr Old)
- Lungeline: 12 months Old (1yr Old)
- Show Jumper: 36 months Old (3yrs Old)
- Six Bar: 36 months Old (3yrs Old)
- Long Reining: 24 months Old (2yrs Old)
- Harness: 36 months Old (3yrs Old)

## Protests

Competitors or Exhibitors or any Show Official may lodge a protest in the disputed Class. The protest must be lodged within THIRTY (30) MINUTES of the completion of the class.

Protests must be accompanied by \$50.00 cash, refundable if the protest is upheld. To make a formal complaint against a Judge, such complaint must be in writing, signed by the complainant, containing specific facts giving rise to the complaint and be received by the Australian Miniature Horse Society Inc. within 14 days from the date of the occurrence. Protests on horse's heights will not be accepted at that show for which they are officially measured. Horses may be re-measured twice. The last measurement will be deemed the final height. No Protest will be accepted in regard to a horse's height once an official measurement has been completed and recorded at an AMHS Inc. show.

## Judge's Decision

The Judge's decision is final. A Judge officiating at an Official Show is under no obligation to award 1st, 2nd or 3rd place (any placing) if he/she considers such Exhibit not up to standard. Once a class has been judged it shall not be re-judged.

## Progeny & Group Classes

### Get of Sire

Progeny Classes shall have at least two Exhibits, entered under the name of the Sire or Dam, one handler per animal. Emphasis shall be placed on reproductive likeness, uniform quality and similarity of breed characteristics and conformation.
